

Safety gloves PG07 nitril TMP

Art. number: **558111**

Barcode: **3800972032729**

✓ Nitrile-coated work gloves are primarily used in industrial environments or in trades where good hand protection and strength are required. The nitrile coating provides excellent resistance to breakage, wear and puncture, as well as good grip when working with oils, fats and various chemicals

✓ These gloves are comfortable to wear and provide free movement of the fingers, making them suitable for extended use
